

Autumn 2

Science Day

Nursery children have been learning about germs and how easily they spread through a glitter germ experiment.

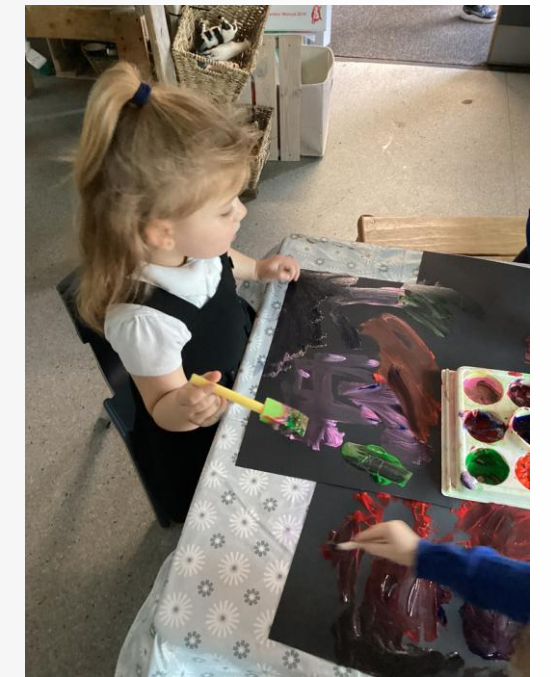

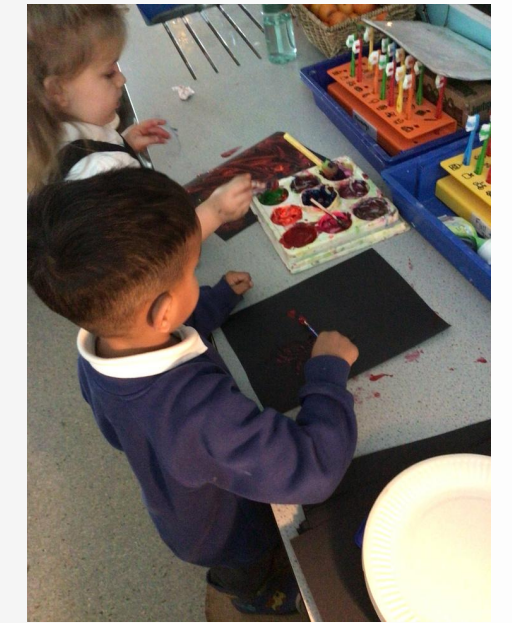

washing hands with water does not make the germs go away, it is important to use soap

wash your hands with soap after sneezing, coughing and blowing your nose.

Bonfire Night

Nursery used different media to create firework pieces of Art

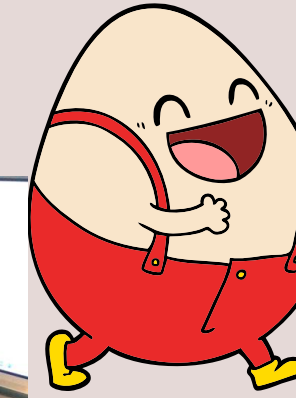

Remembrance Day

Nursery marked Remembrance day by creating their own

World Nursery Rhyme Week

Children celebrated World Nursery rhyme week and learnt a new rhyme every day

Children in Need

Children in
Nursery made
their own cakes
for a bake sale to
raise money for
Children in Need.

Math

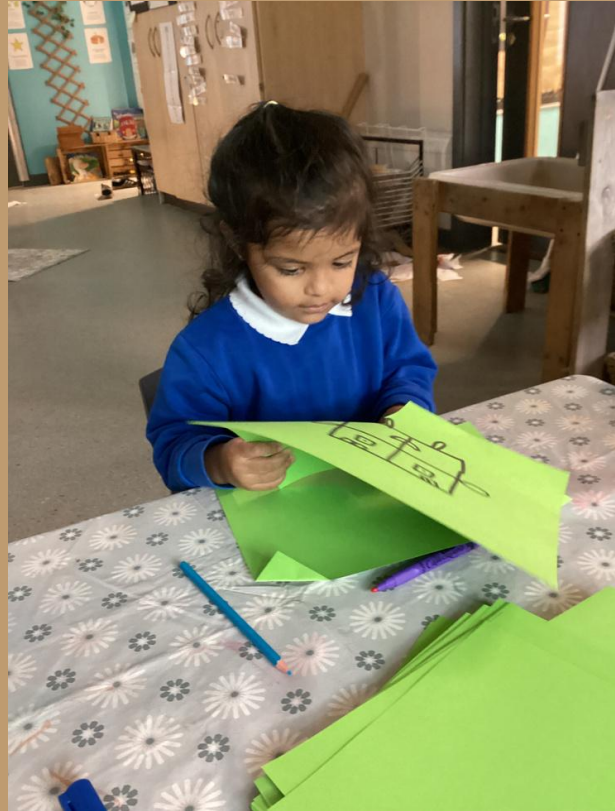

Counting song focus on adding one more

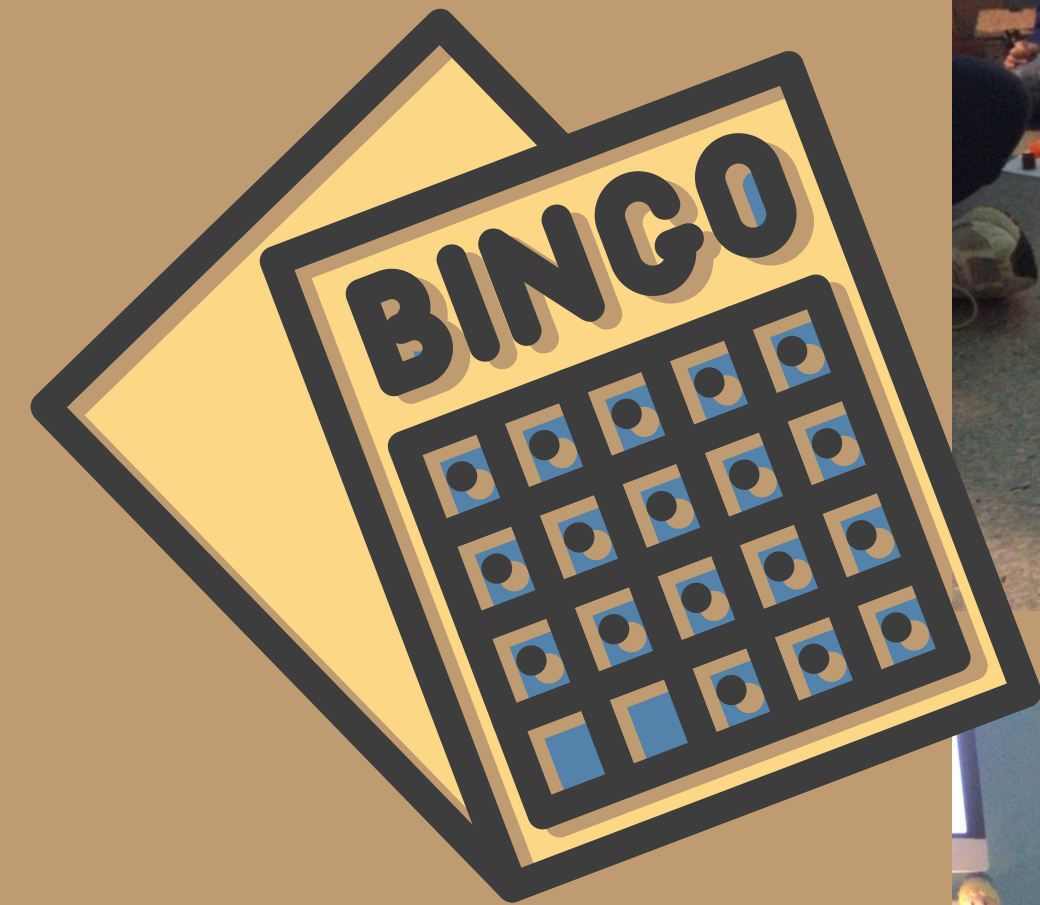

One gingerbread went out to play in a winter field one day, he had such enormous fun, that he called for another gingerbread to come.

Making Numberblocks character
4 and 5...

Children played
a game of
bingo using
picture
representations
of numbers

Learning in the Environment

Highlights...

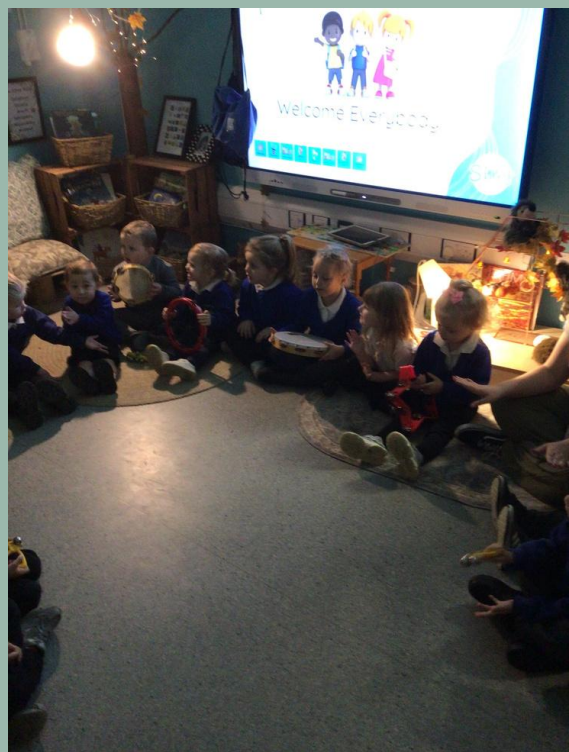

Looking after dolls, building walls, making potions, playing pirates and building bridges are just some of this term's highlights

Music...

This term in music,
Nursery have been
learning to recall
patterns, actions and
rhythms

Forest School

It was a very cold and frosty morning at Forest school. The children had a fabulous time exploring ice, making mud pies, bird watching and of course warming up with a hot chocolate!

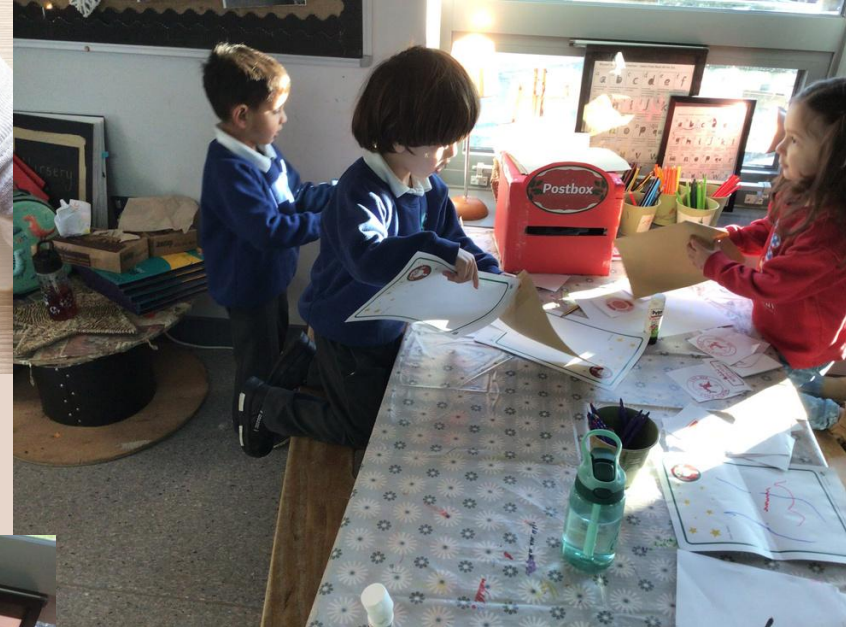

SNOW

Nursery had so much fun playing in and exploring the snow

Children have been writing their letters to Santa

The Reindeer Run

Happy, Clappy

Children were little stars in our annual Nativity
