

SPRING 2

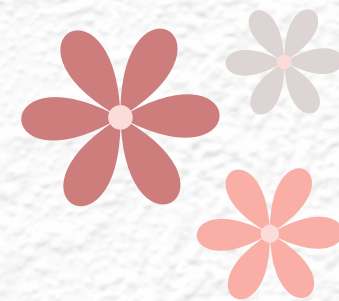

Book & Breakfast

Comic Relief

They raised over £70 for the Comic Relief charity!

The children have been baking this week for the Comic Relief bake sale. Groups of children sold the cakes to their peers, handling money, and packing up the chosen cakes just like someone in a shop would do! The children loved this experience.

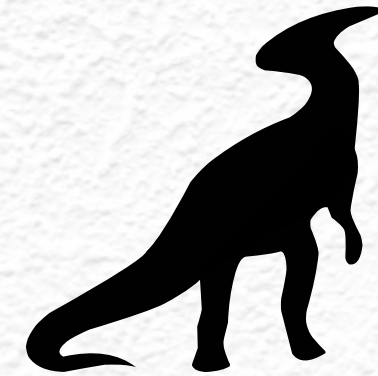

Science Week 2026

‘Change and adapt’

Where did dinosaurs live?

This week we have been learning about dinosaurs and the environment they lived in. The children were given then chance to make their own using clay and a range of tools. The children paid attention to detail as they carved their clay. They were very proud of their designs.
