

# OUTDOOR EXPLORING

We enjoy spending time outdoors, we use the wheeled items to develop our gross motor skills

# Recognising ourselves and peers

We exploring photos of ourselves and peers. We worked on recognising familiar people. We drew ourselves and others and learnt about the different features we have.

# Measuring Playdough

**An adult modelled the mathematical language linked to measuring to create our own playdough - we then explored this together. We developed our sharing skills, built on our fine motor skills and worked alongside our peers. Adults narrated both theirs and our play providing vocabulary linked to our actions.**

# Creating a rainbow

We used glue to stick the different colours onto the rainbow - developing our fine motor skills and hand eye coordination

We talked about colours, sang the rainbow song and found different ways to make the tissue move such as blowing and sprinkling

# Phonics in Luna

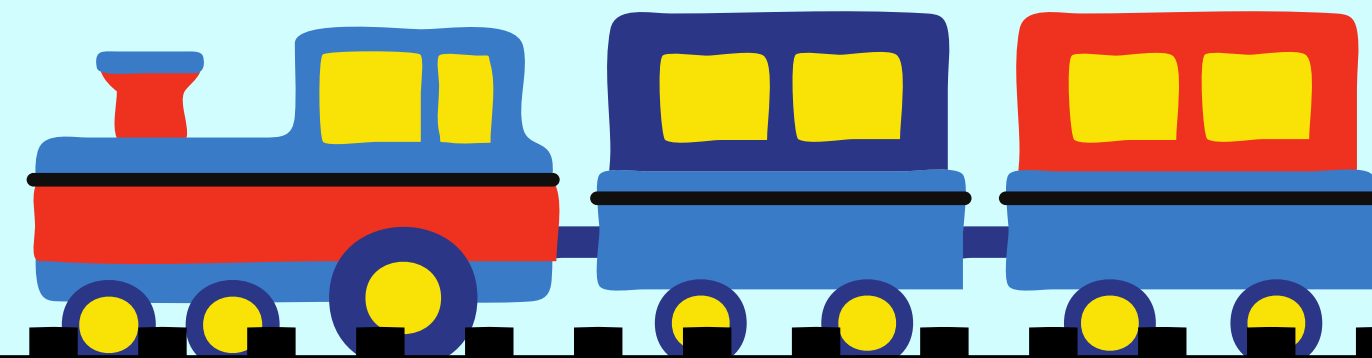

**We are developing our Phonics knowledge and are beginning to blend - we use CVC to support us on our learning journey**

# TRAIN TRACKS

We are able to share resources, build large scale tracks together, and play with our peers. We discuss colours, size, speed and direction.

# Exploring Gloop

**We explored gloop together – we explored the way it moves and how it transforms from solid to liquid. We used tools and our hands whilst the adult narrated our play.**

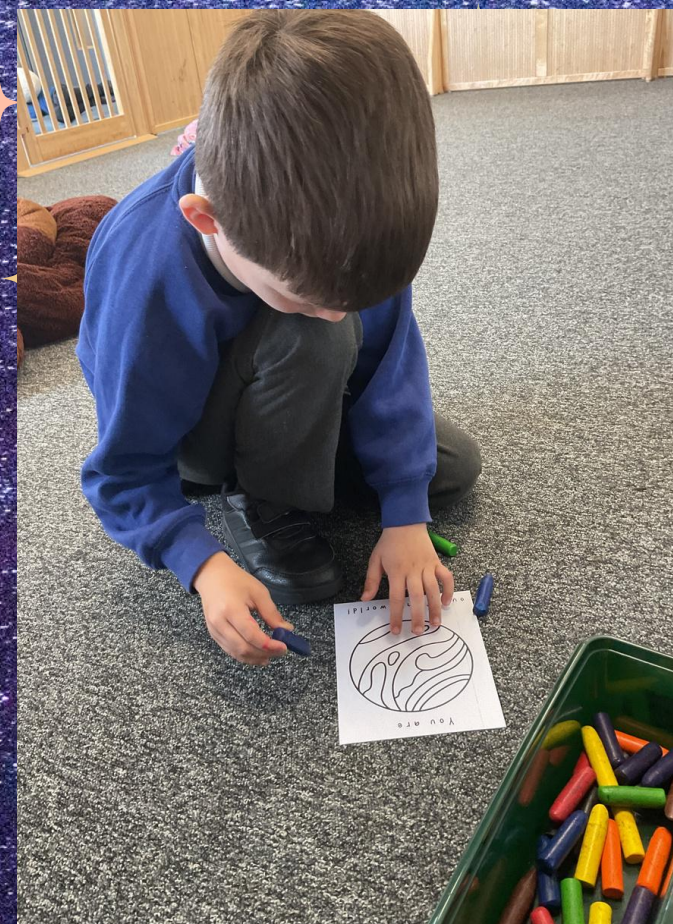

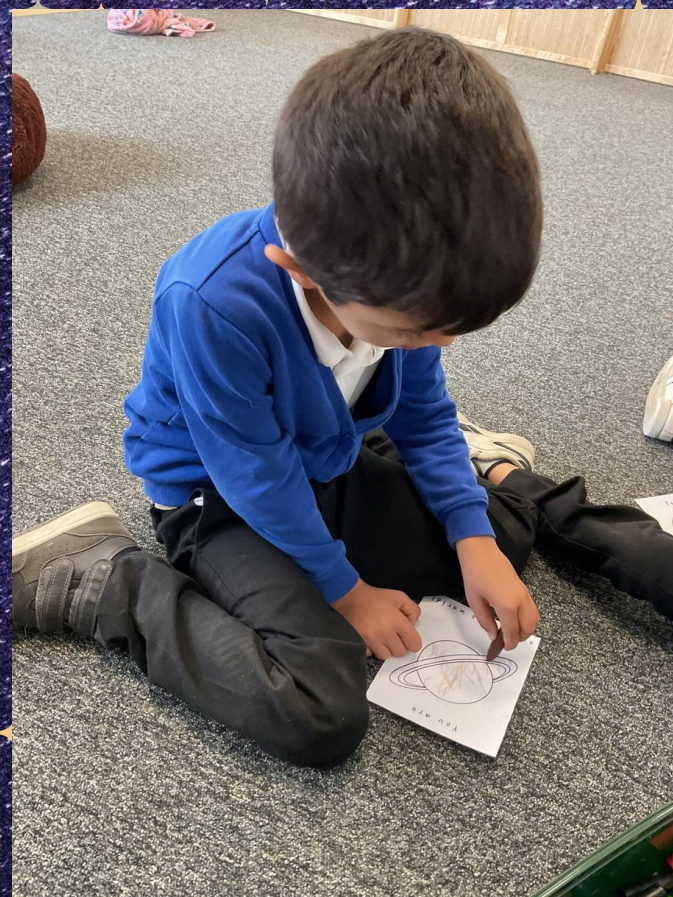

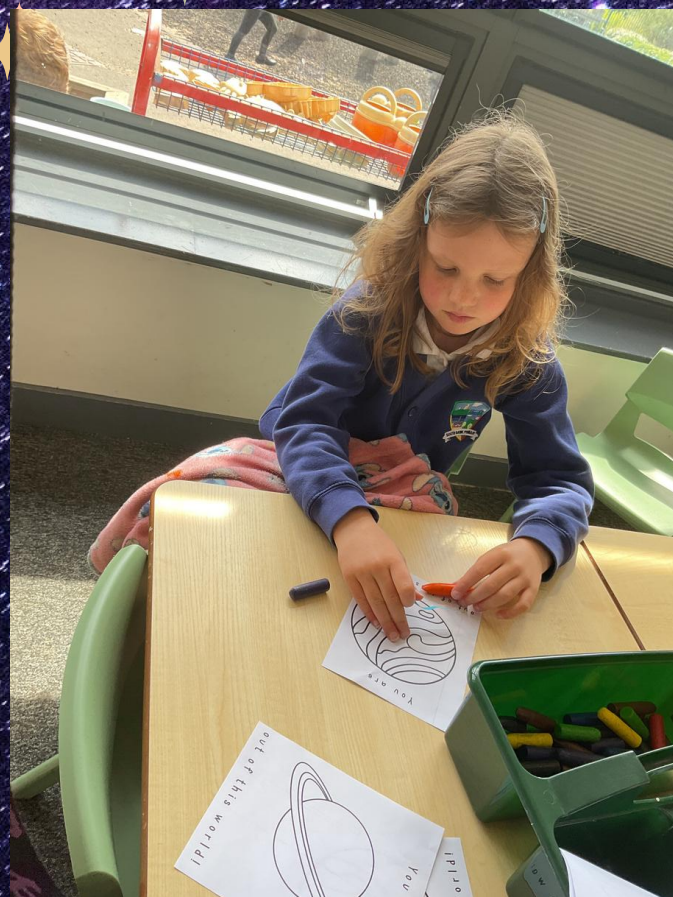

# BOOMWHACKERS

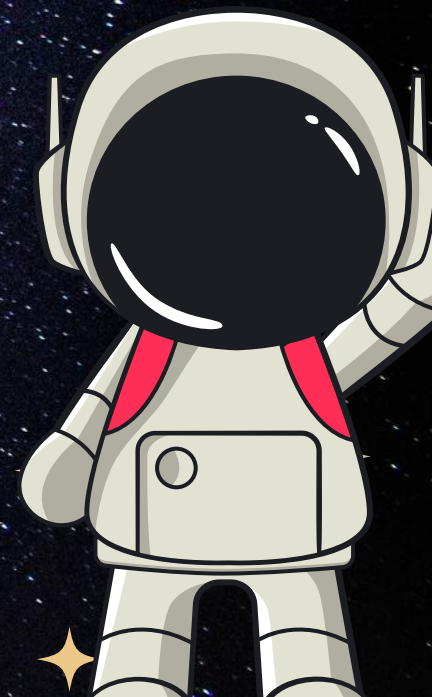

We explored Boomwhackers – we listened to the different sounds and played them in various ways

# Leaving our mark

We choose a planet before decorating it for special people in our lives. We posed for a photo to be used as our insert too!

# STORY

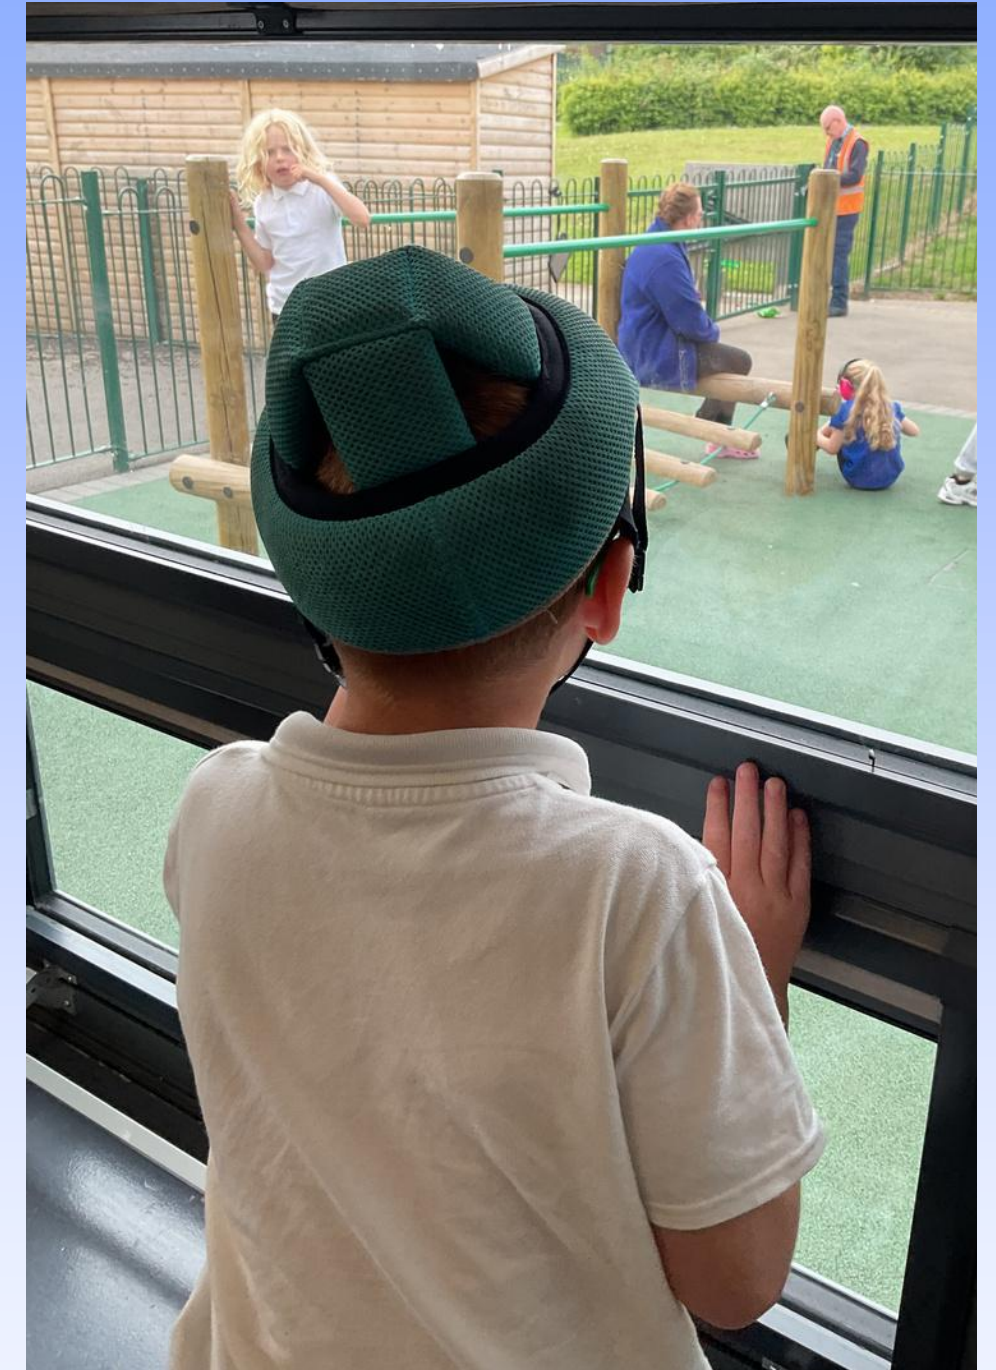

# DOUGH

WE HAD OUR FIRST SESSION OF STORY DOUGH. WE LISTENED TO THE STORY 'WE'RE GOING ON A BEAR HUNT' BEFORE MAKING OUR VERY OWN DOUGH BEAR!

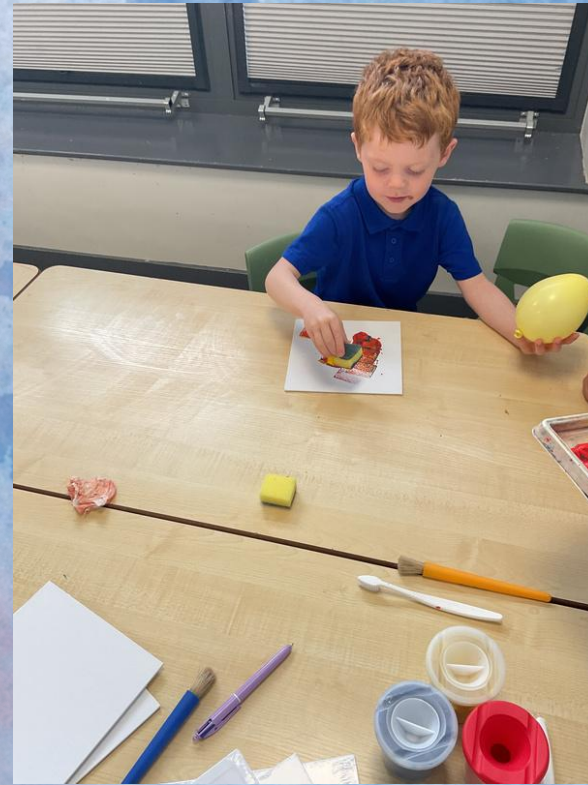

# Learning from Mr Higgins!

Mr Higgins our wonderful caretaker came to fix a gate. He showed us his tools explaining how they go bigger and smaller - we watched from the window as he completed the repair and gave him a thumbs up!

# Enterprise

We each created a canvas picture to sell during the Enterprise. We focussed on prime colours and added colour mixing. We were given the choice of a range of media's and made choices throughout the activity.
