Computing – Keynote

The children are
continuing to create
their presentation on
'How to grow a plant.'

1.6.26

Careers Adventure Workshop 3.6.26

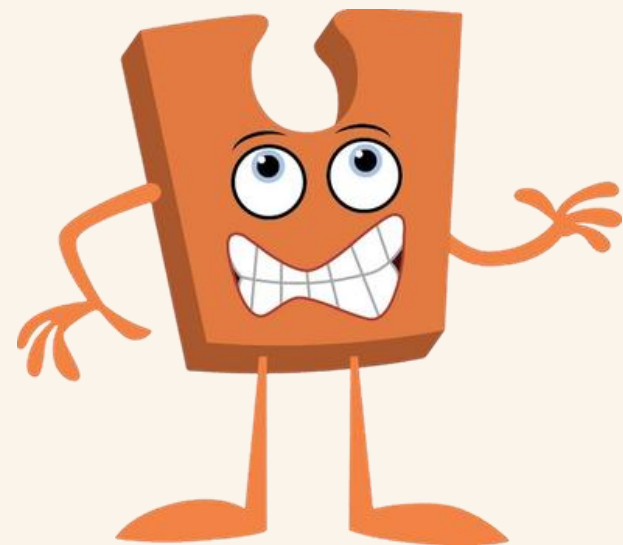

With Ollie from MFC, we discussed all the career opportunities that are available. Then, we created our own design of a house like an architect would. With things like slides and rollercoasters the children were very creative! We then designed our own plate with our favourite foods like a chef might do.

Jigsaw

In Jigsaw this week, we have been looking at different life cycles. The children had to find their matching pair. Then they had to put picture cards in order how they develop.

3.6.26

Fine motor skills

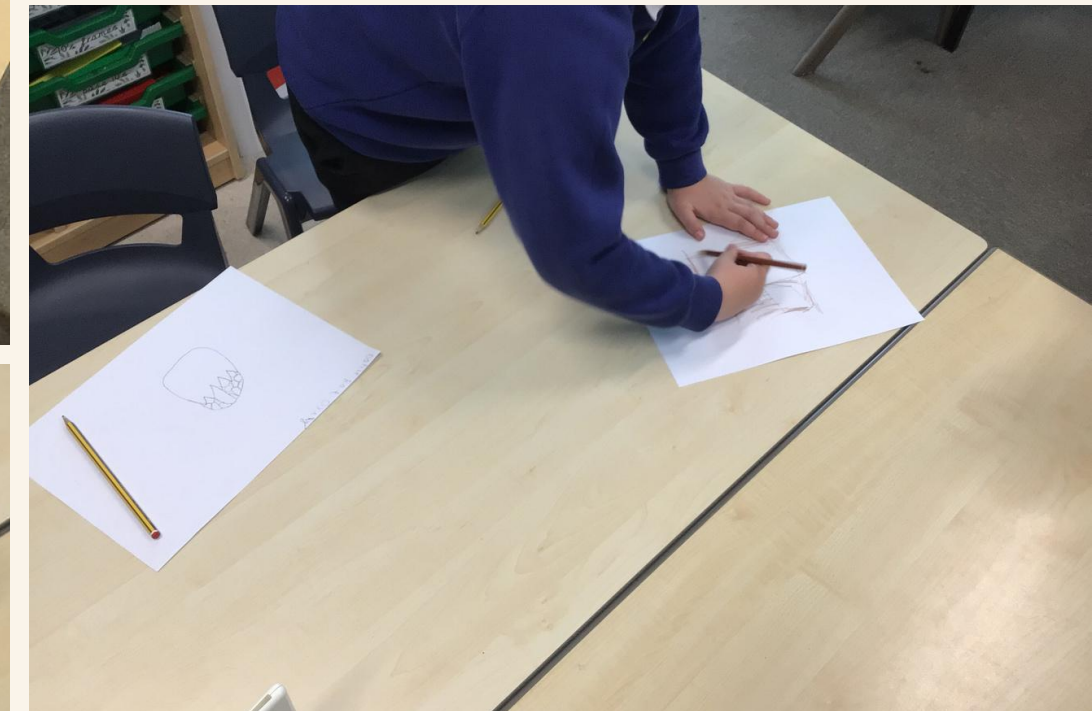

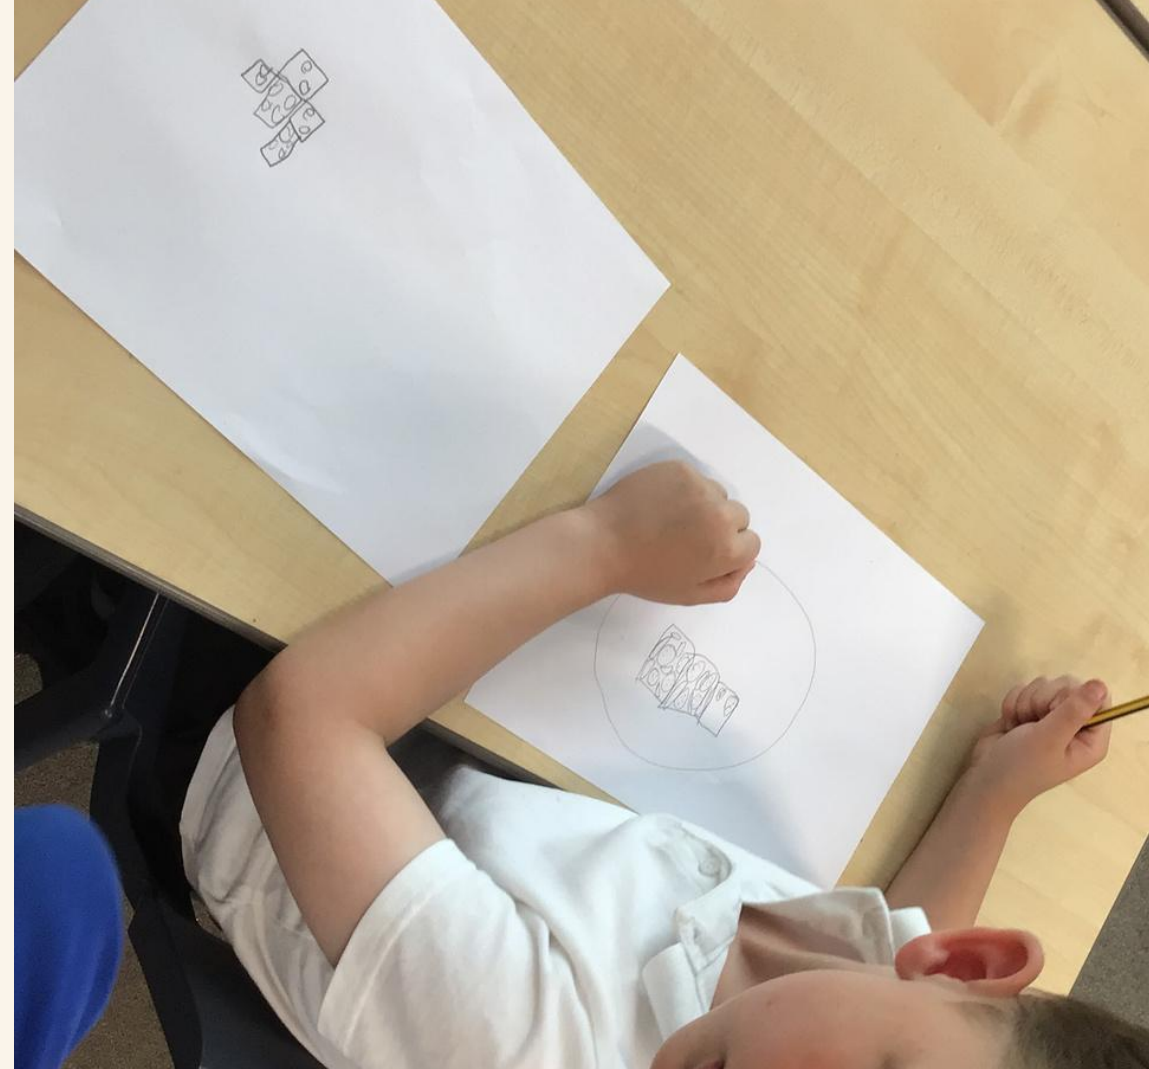

The children have been working with Ollie and Emmie working on their fine motor skills through different activities and exercises .

3/6/26

Enterprise

As a class we discussed some ideas for Enterprise. We decided on making some yummy treats to sell there. We then designed what these treats should look like.

Text deconstruction

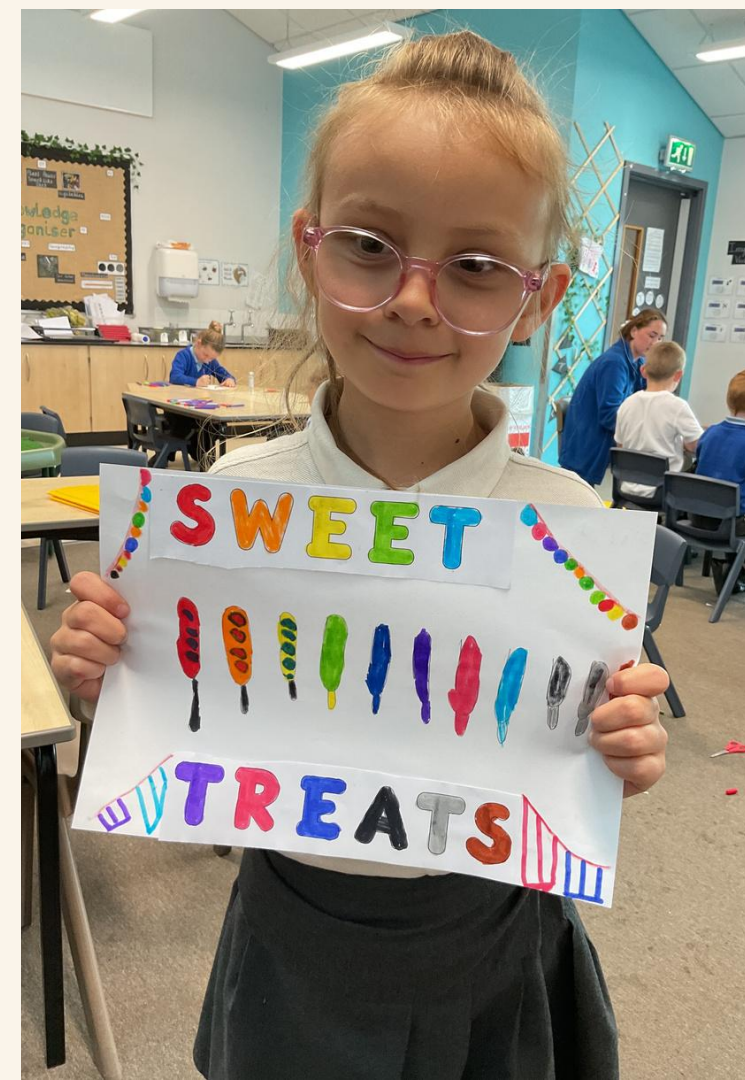

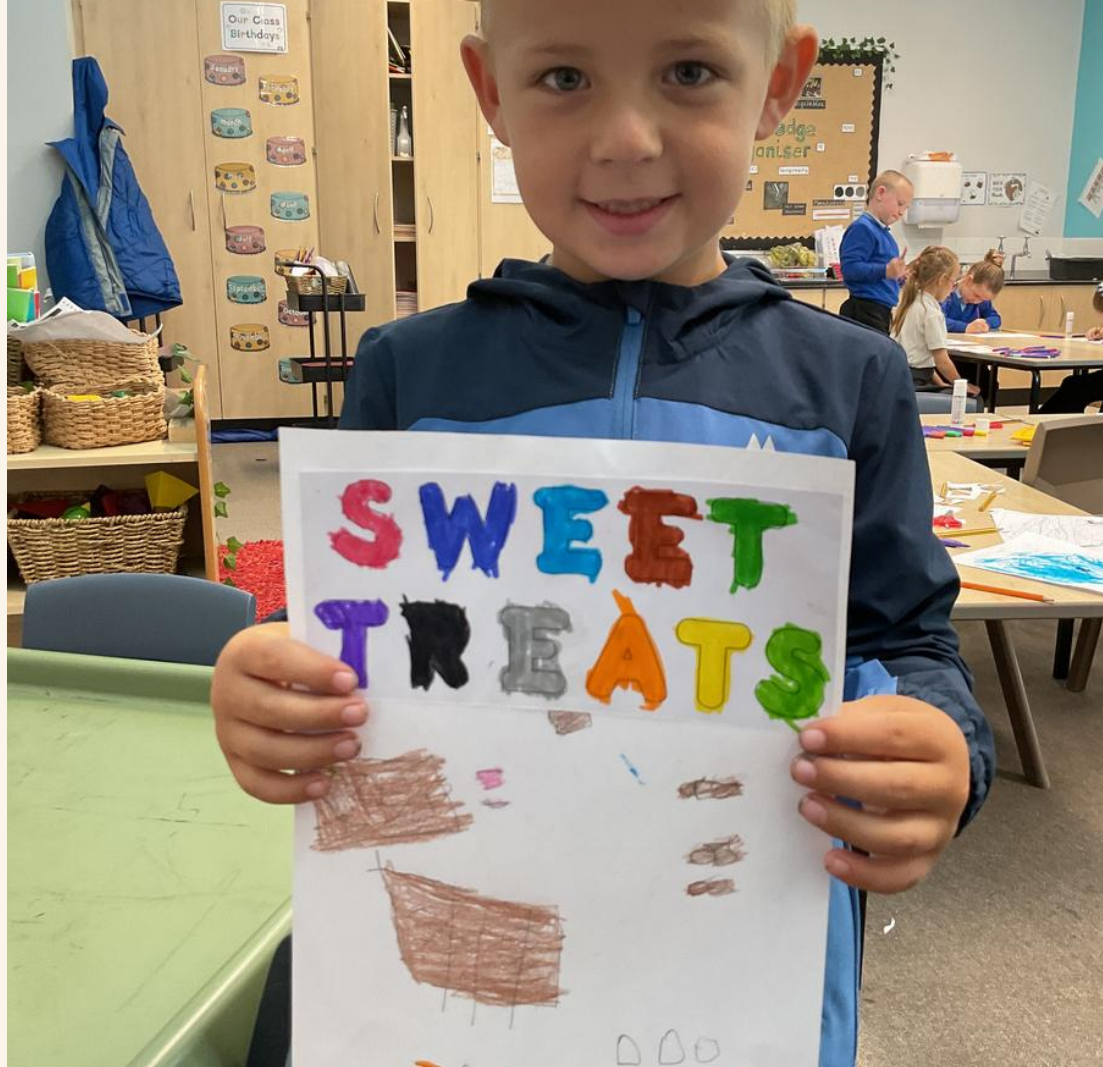

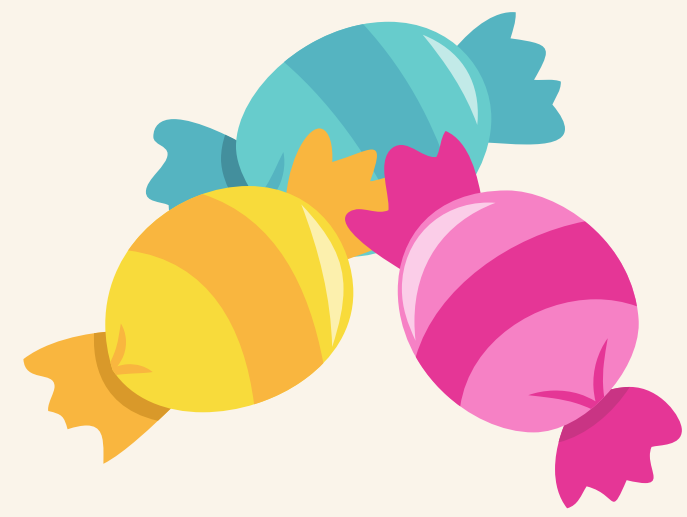

8.6.26

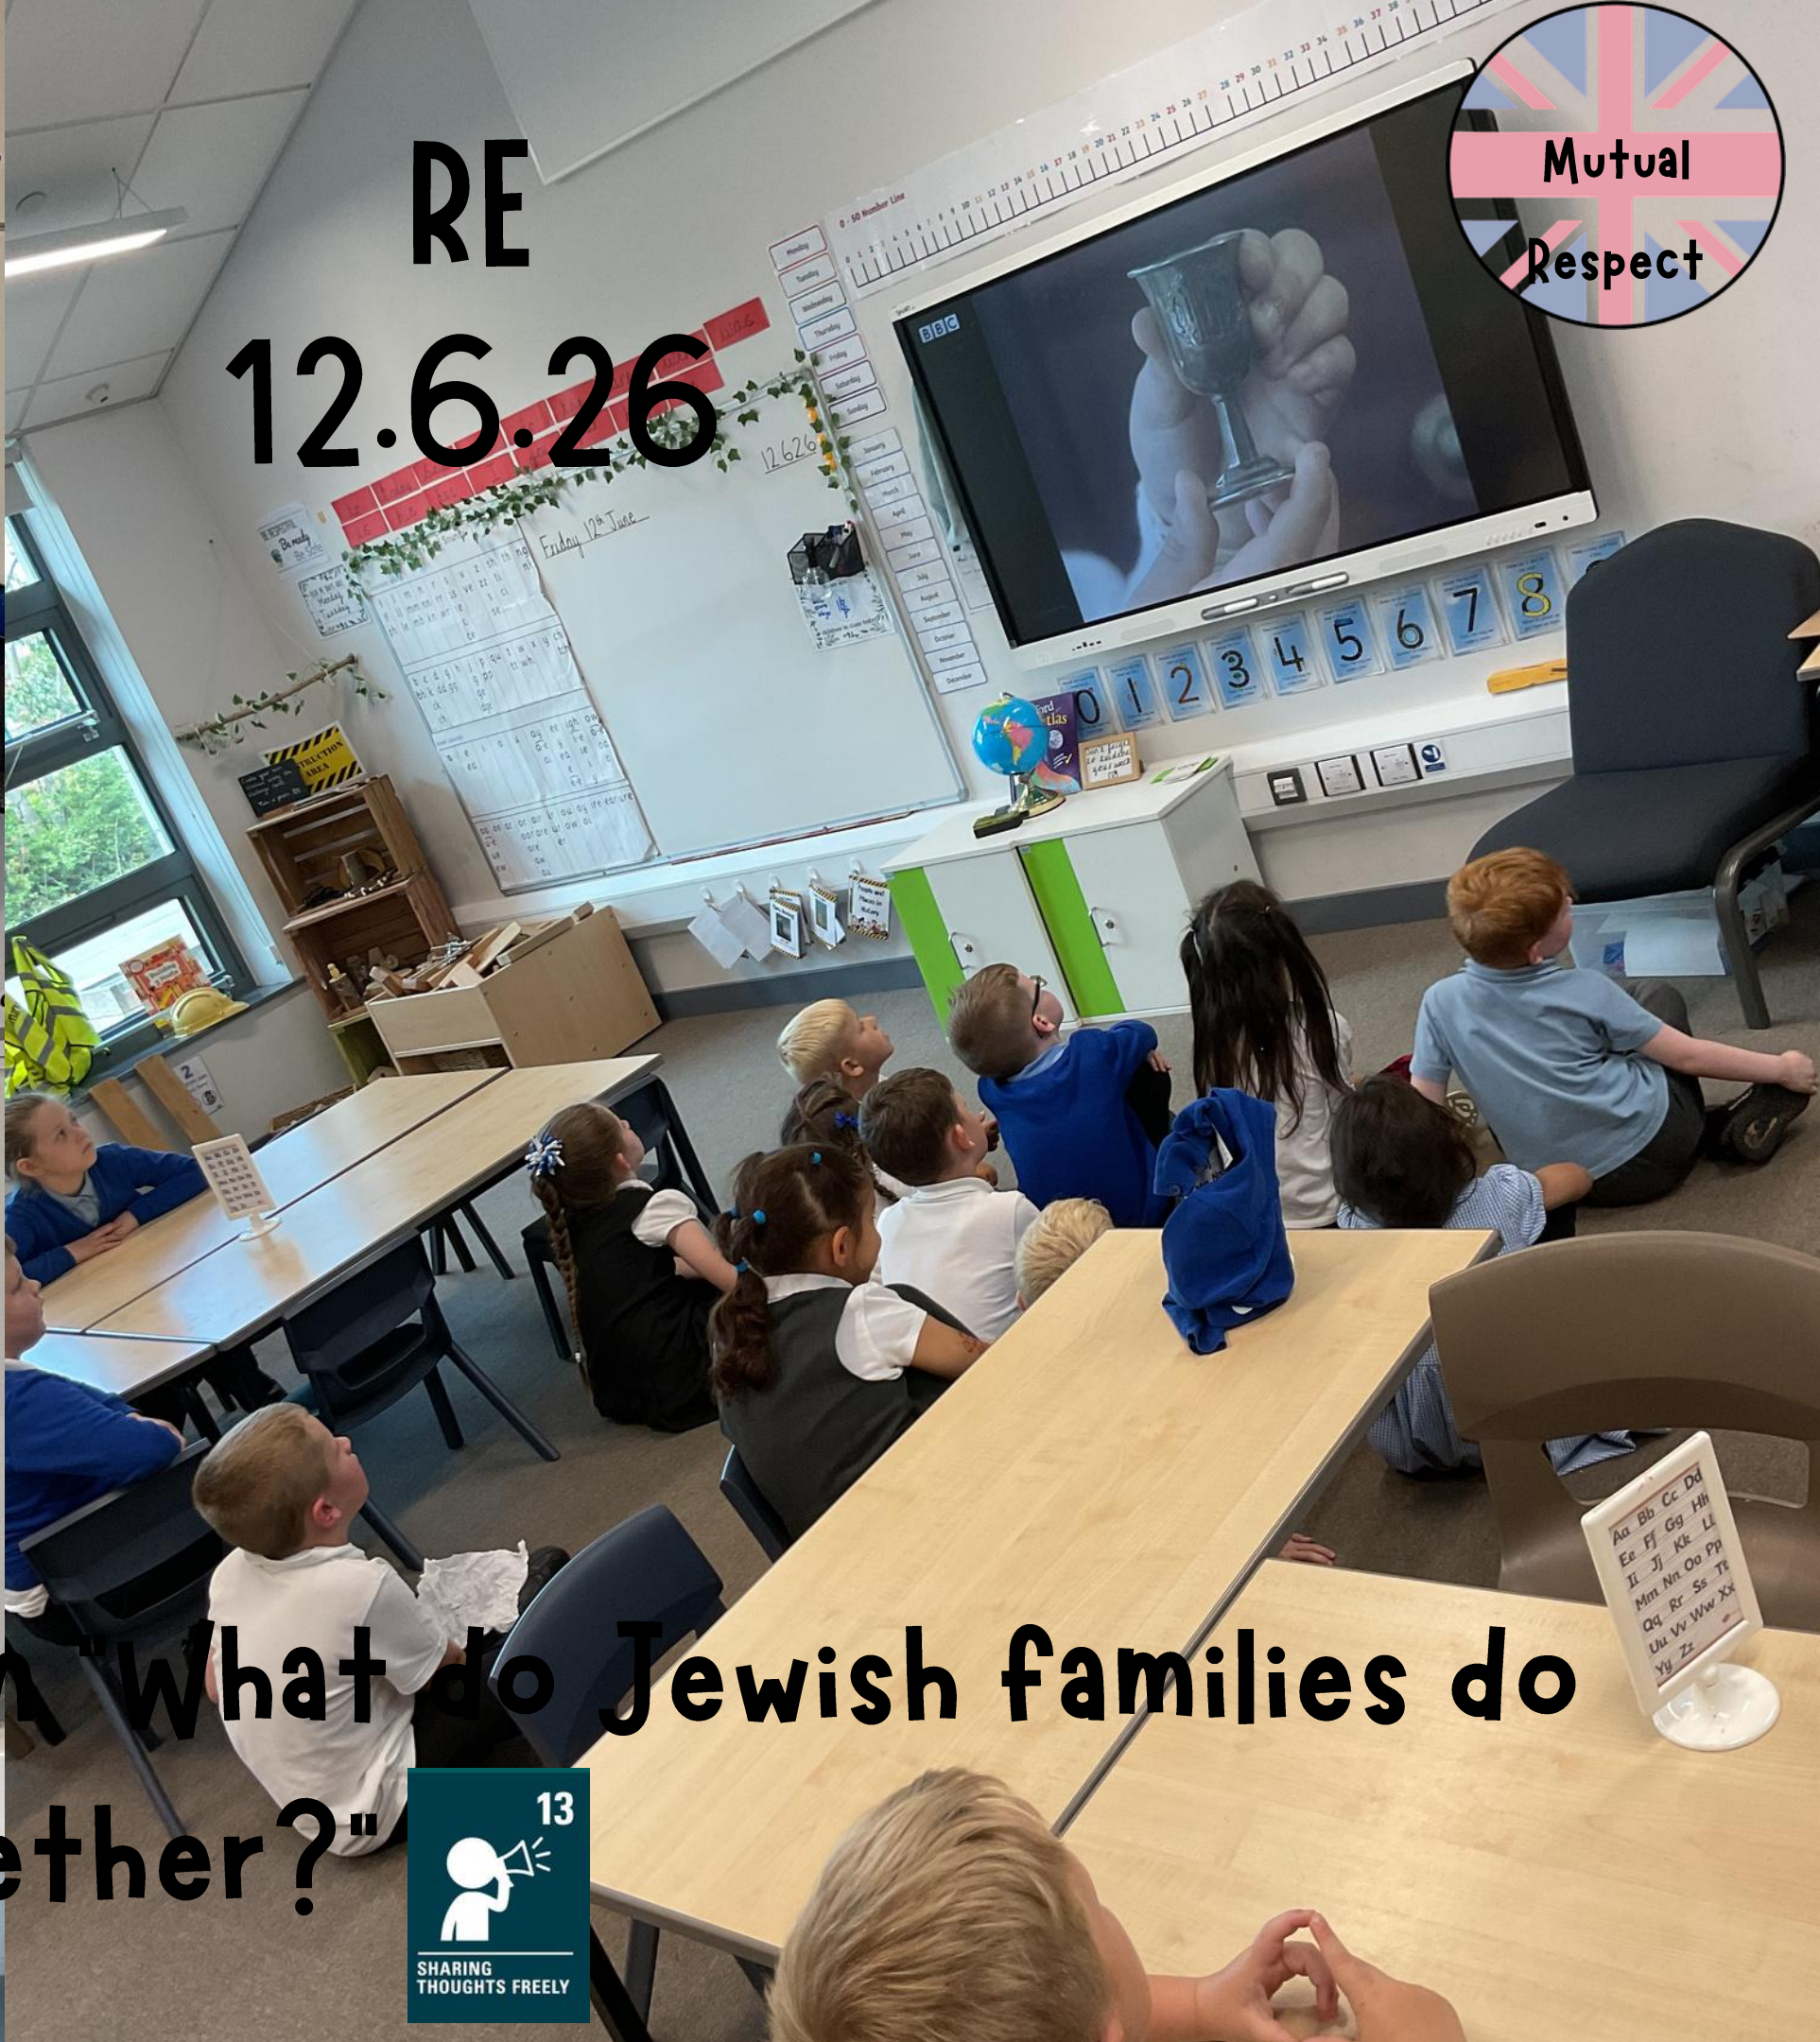

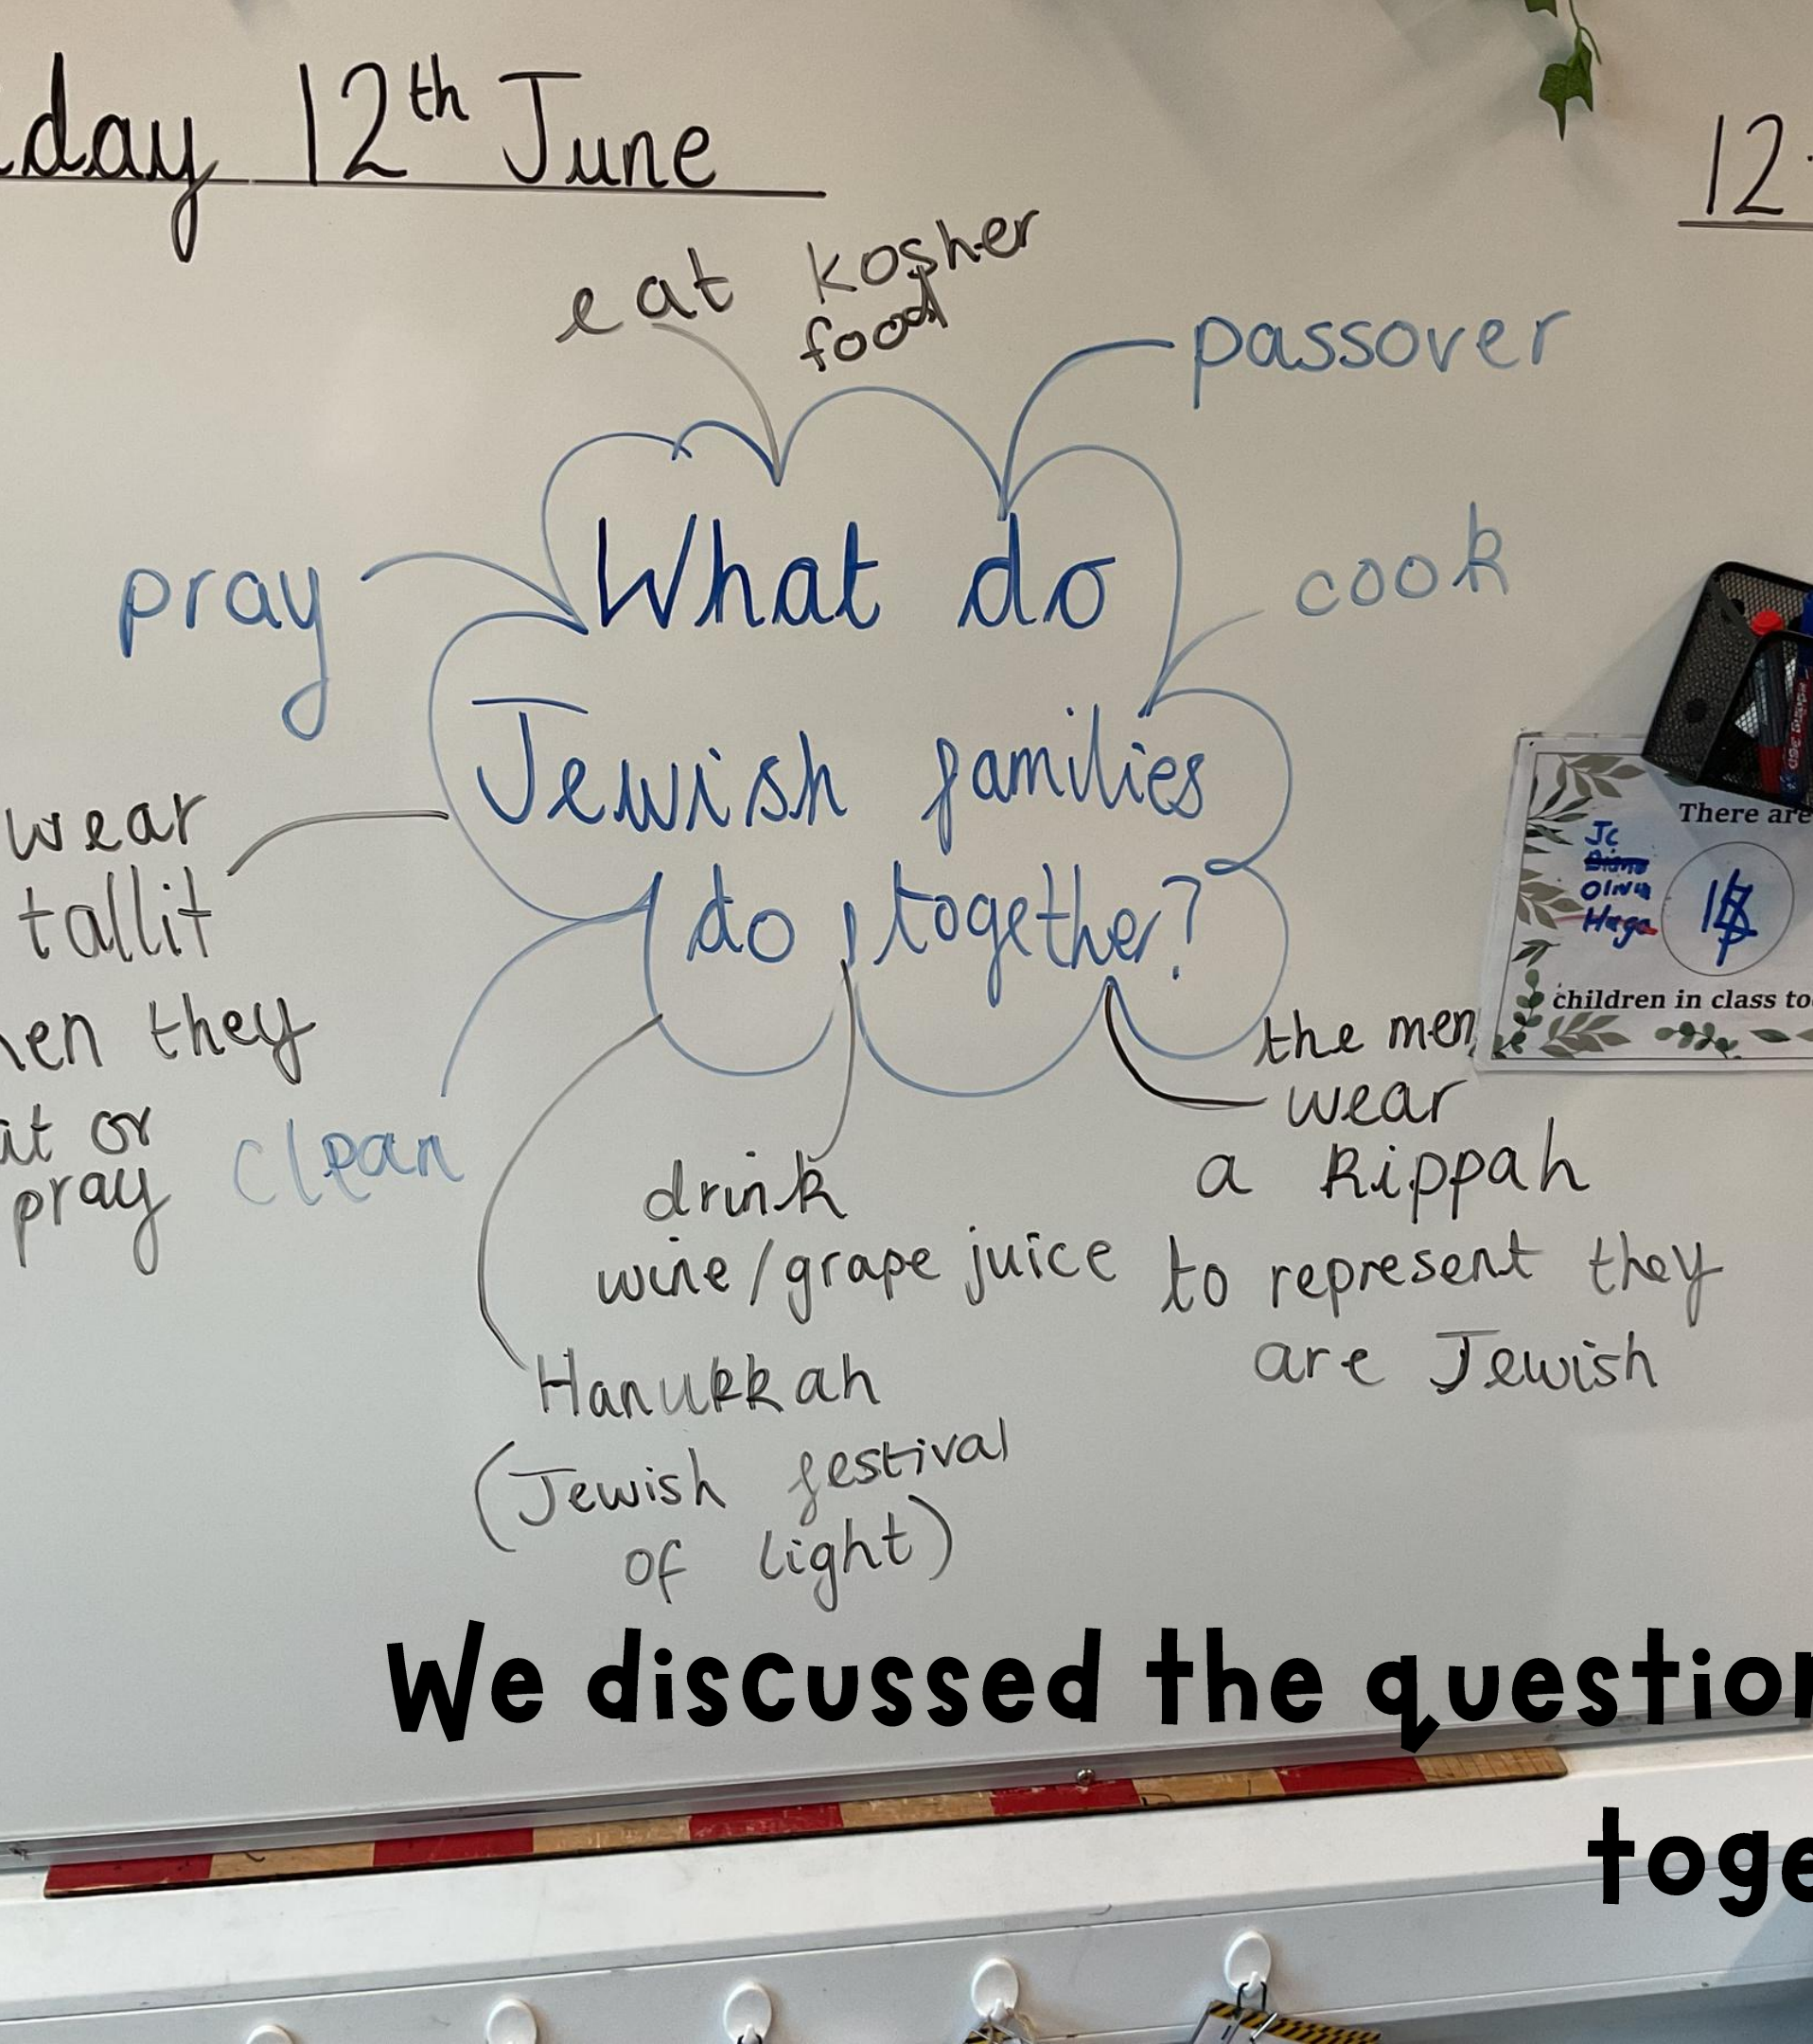

Enterprise
11.6.26

The children created
their own posters to
advertise our sweet
treats.

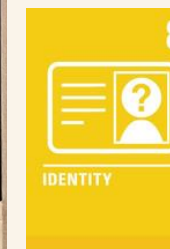

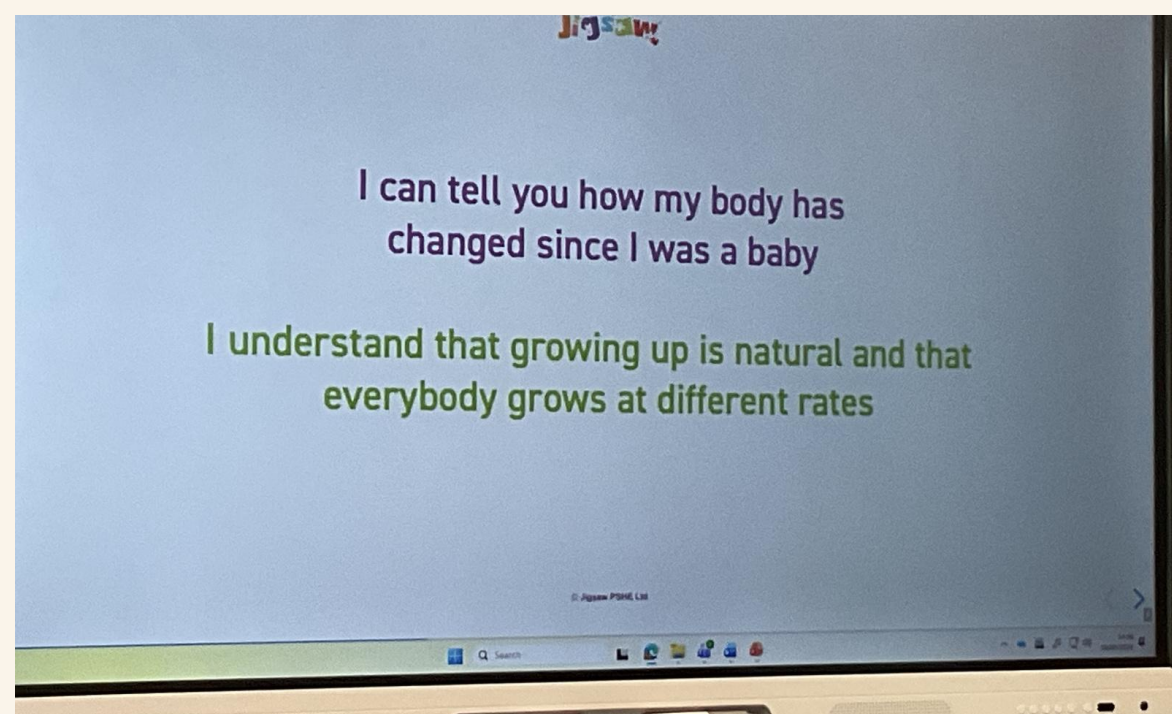

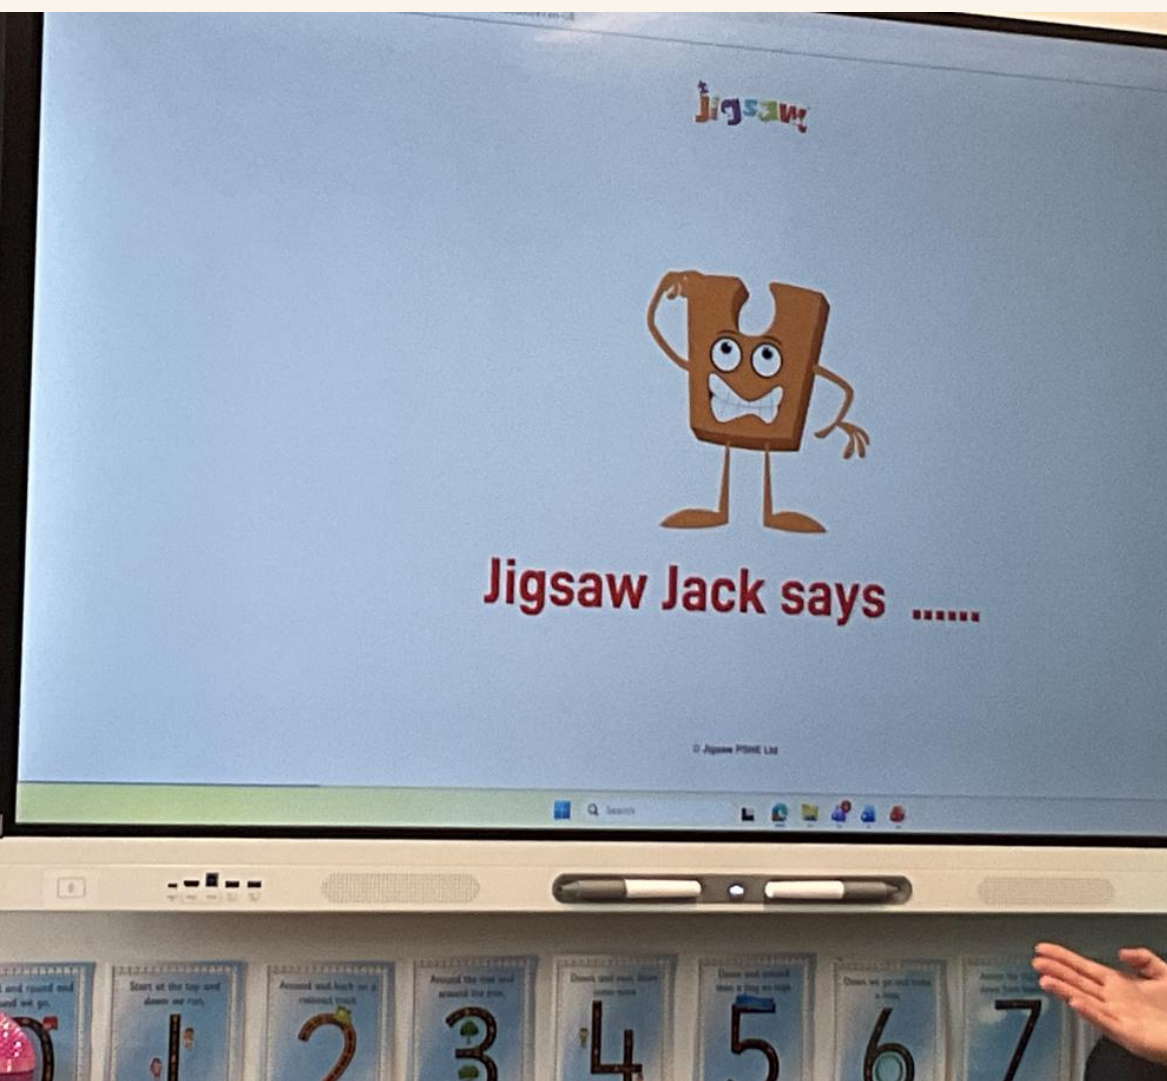

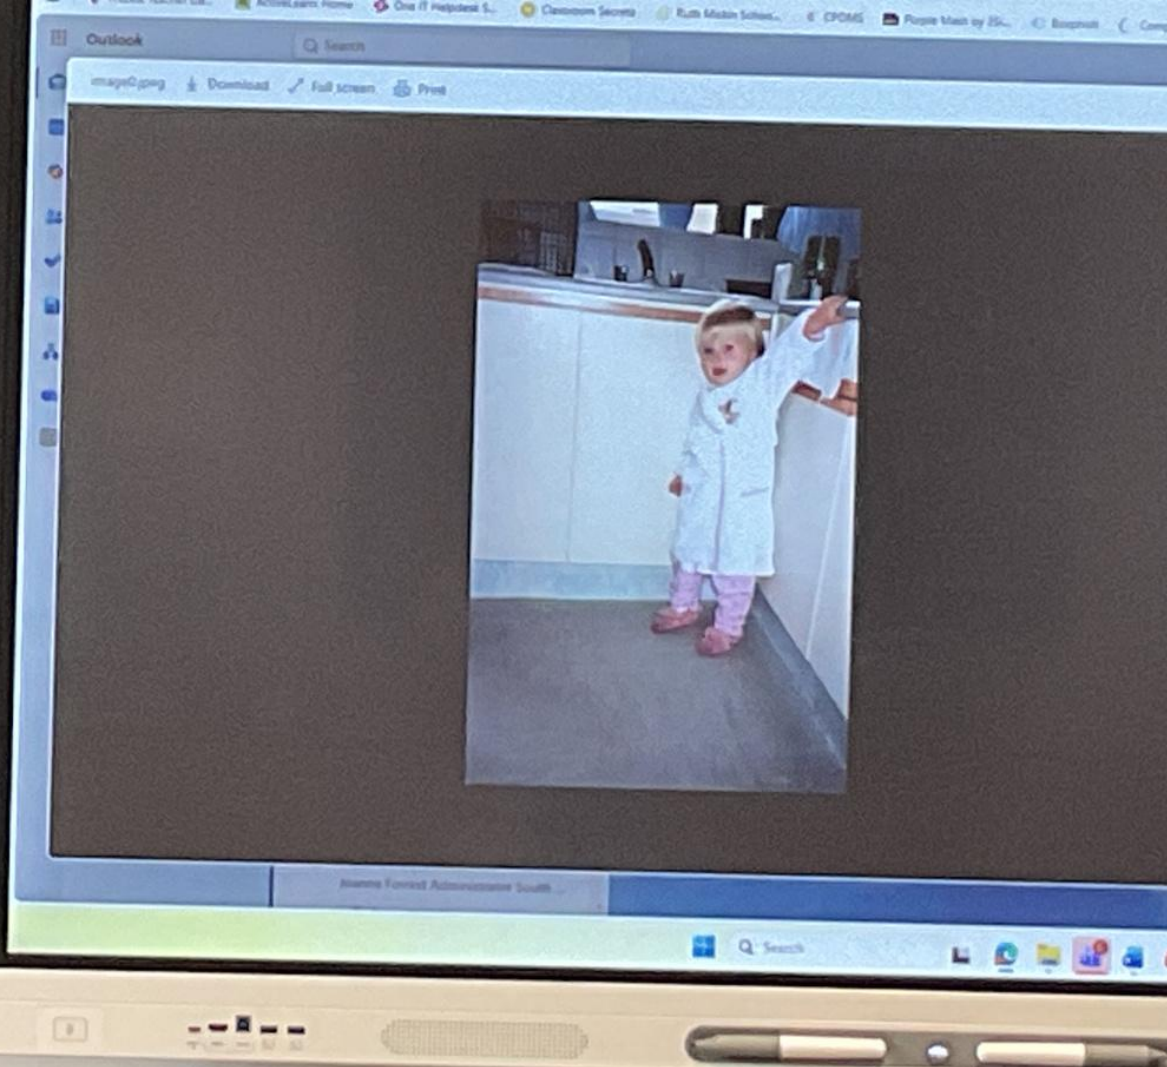

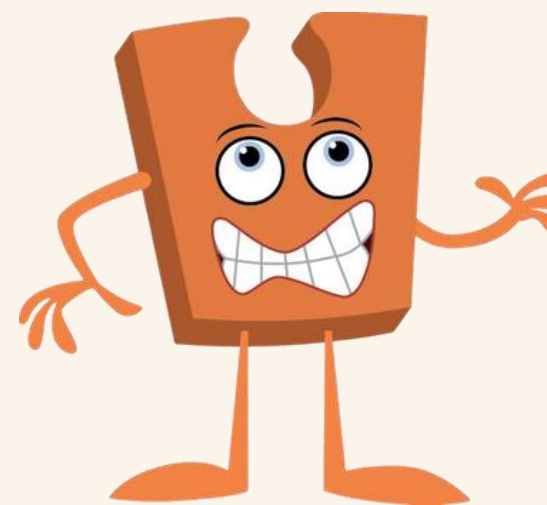

Jigsaw

Changing Me

16.6.26

In Jigsaw, we spoke about how our bodies have changed since we were a baby and how it's stayed the same. We also discussed how every body is different and what those differences are in our class.
